diverse declinazioni ed inclinazioni

*different declinations
and inclination*

light is fundamental element of life

singoli elementi, stile plurimo

single elements, multiple style

singoli elementi che con l'accento metallico ed il colore naturale dei materiali, diffondono la luce attraverso un tubolare opale di luce. striplin è un apparecchio unicamente da parete e soffitto, un progetto in continua evoluzione. il design in una semplice struttura geometrica versatile per dimensioni ed applicazioni.

individual elements that with the metallic accent and the natural color of the materials, diffuse the light through a tubular opal of light. striplin is a wall and ceiling luminaire, a constantly evolving project. the design in a simple geometric structure, versatile in terms of dimensions and applications.

striplin 2002 - 2018
